

Welcome to the quality and value of Pearl River.

Why is Pearl River the fastest growing piano company in North America? Pearl River delivers the best quality for the price you pay. In fact, when it comes to value, Pearl River has no competition. Pearl River pianos are built at the largest piano factory in the world by a staff of over 4000 musical experts with an average of 17 years employment with Pearl River. From harvesting, curing and shaping the traditional woods used in every component in the piano, Pearl River follows techniques and procedures that in every way duplicate the processes of the finest piano manufacturers in Europe, the U.S. and Japan. There are no short cuts. Pearl River insists on the finest from sand cast, naturally aged plates to Italian-style finished cabinets. And every Pearl River piano we build includes a 10-year parts and labor factory limited warranty backed by our USA-based team of expert technicians. You know it's a Pearl River because you see our name proudly displayed on every fallboard (© 2010 www.pearlriverusa.com)
